METROPOLITAN

The standard shaker, a classic design characterized by clean lines

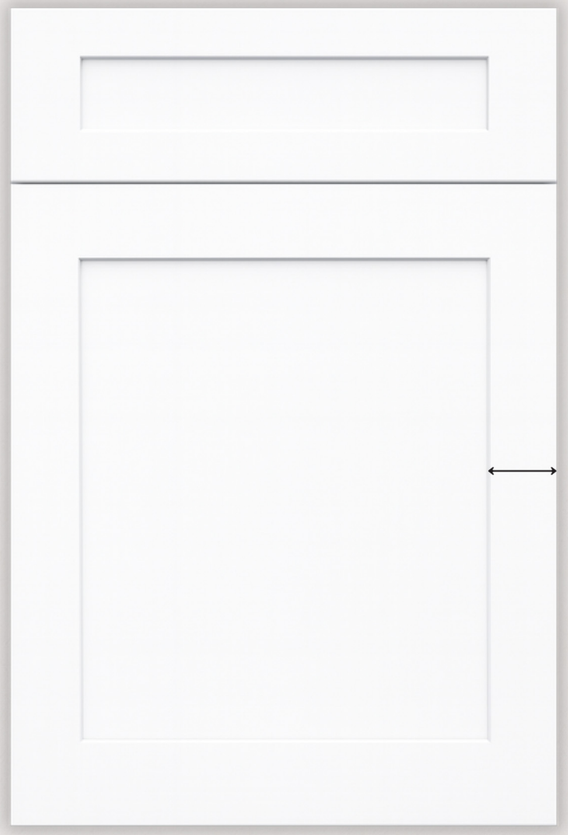

White Shaker

The standard shaker, a classic design characterized by clean lines.

A classic shaker style that complements any space.

A balanced 2.5" wide profile for a clean proportional look.

Designed to transition seamlessly from traditional to modern.

Bight & Clean
Crisp white finish for a fresh, timeless look.

Effortless Style
Pairs beautifully with a wide range of finishes and decor.

Quality Craftsmanship
Built with precision for lasting beauty and performance.

Fits any Space
Kitchens, Baths, and beyond.

Face Frame Cabinet Construction

Metropolitan combines cabinet-grade plywood construction, solid wood drawer components, and concealed soft-close hardware in a traditional framed cabinet system.

1. Metal bracket reinforced base cabinetry.
2. Steel concealed soft-close drawer glides.
3. 3/4-inch adjustable plywood shelves.
4. Dovetail drawers with 5/8-inch thick solid wood.
5. Six-way adjustable concealed soft-close hinges.
6. 1/2-inch thick cabinet grade plywood box.
7. UV-coated natural cabinet interiors.
8. Five-piece wood drawer-front construction.
9. 3/4-inch full-overlay solid birch doors.
10. 4 1/2-inch high, 1/2-inch thick plywood toe kick.

ESSENTIAL

A cohesive design down to the last detail

Door Styles

The Capri Box is premium Euro-style frameless cabinet box. It is built from ¾" plywood and wrapped in a sophisticated Italian White Linen melamine, giving it a clean, modern, and durable finish inside and out.

Witch Gola

An integrated aluminum handleless channel system for a true modern European aesthetic.

Witchout Gola

A standard option that allows designers to use their own hardware or finger-pull systems.
